Dear Bill,

Today I heard your editorial about our responsibility to vote. I want to commend you for that editorial.

It was thought out well and very persuasive.

Thank you for the service you and everyone at KSHN provide this area.

UNITED STATES DEPARTMENT OF COMMERCE
Economics and Statistics Administration
U.S. Census Bureau
Washington, DC 20233-0001
OFFICE OF THE DIRECTOR

November 2000

Dear Census 2000 Partner:

I would like to thank you and your organization for your outstanding efforts in making Census 2000 a success!

In many ways, Census 2000 was unlike any previous census. There were new uses of technology, new and greatly expanded operations, more customized local and regional programs, and more encompassing outreach through an unprecedented Partnership Program. For Census 2000, the U.S. Census Bureau had the distinct pleasure and challenge of working with more than 140,000 partners—partners whose creative efforts were surpassed only by their commitment and dedication to their local community and constituents. Thanks to the hard work of all of our Census 2000 partners, we reversed the trend of declining participation witnessed in recent censuses, and increased the mail response rate over what we achieved in 1990.

The scope of this census was vast. At times the task seemed insurmountable and the challenge overwhelming, but with the help and dedication of governments, businesses, community, religious, and educational organizations, we are proud to have been a part of the "Good Census."

Again, I extend a heartfelt thanks to you and your organization for a job well done! Your role in Census 2000 had a significant impact on our successful data collection, which will in turn help your community and this country move confidently into the 21st Century.

Please accept the enclosed Certificate of Appreciation for your service and cooperation as a token of the Census Bureau's recognition that we could not have done this without you.

Thank you America!

Sincerely,

Kenneth Prewitt
Director

Liberty, TX 77575

Dear Bill:

I just wanted to drop you a note to say "thank you" to the Shine All Nine staff for supporting our efforts to collect donations for area flood victims. The response was immediate and overwhelming. KSHN listeners brought in everything from cash and canned goods to vans and SUVs full of clothes. Donations are still coming in.

This experience has also reinforced my belief in the power of radio. The message was simple, and people responded. I would have been happy to have had one truckload of donations to deliver to the shelter. As it turns out, I've had seven so far.

If you can, say "thank you" to all the listeners who pitched in. Every time I pulled up to the shelter they were glad to see me coming. We couldn't have done this without Shine All Nine.

With sincere thanks,

Dear Bill:

Thank you so much for your participation in the 2001 TAB Legislative Conference. The TAB is fortunate to have such strong leadership in our Board of Directors and your presence as a Board member reinforced this to our membership and to state lawmakers.

I appreciate how generous you've been with your time when it comes to TAB matters. The TAB Board of Directors is fortunate to have your leadership and commitment.

I especially appreciate your help in calling your lawmakers and inviting them to the luncheon. Whether or not they were able to attend, your personal calls and letters make the difference in establishing strong relationships between broadcasters and lawmakers.

Once again, thank you for all your help and involvement. I look forward to seeing you at the next Board meeting on March 29, 2001 at 10 a.m. here in Austin.

Respectfully,

Dear Bill,

I'll bet you thought I'd forgotten to do this.

The attached letters are going out today to Durlene Davis and to the Democratic Precinct Chairs and Elected Officials.

Dear Bill!

- Without you there would have been nothing. Every performer must have a venue our there is no show. Politics and government need attention and bright light - in shadows, government becomes a self-protective and distant. Instead, it is to you that we all run to justify what we would propose.

What I want to tell you, I have said before - your sense of our community has given a new generation a memory of what I have always carried with me - "home".

When I left Liberty forty years ago, I succeeded in part because I always had that "home" with me. Today another young person, gone away, will face moral or physical challenge and yet press-on because of what you have given him. And what did you do to justify beatification, - I have a memory of a shivering voice, with the whine of a chain saw in the background, telling me about an ice storm and when help would come.

- I value you and appreciate your friendship.

In a note of appreciation let me first thank you for the memories you shared with us Saturday at Darryl's Memorial Service. Let me say any one would be proud to have you share such kind memories of days gone by . I'm sure Marian will take comfort in your warm feelings about him.

We would like to say again how fortunate the town of Liberty is to have such a great station doing such a superb job serving the community and it's every day needs in such grand style as only you and your staff can do.

Enclosed is the Audio tape I promised you last week of the service. Let me apologize for the very poor quality. The churches recorder didn't work and we had to copy the sound track from the video tape made with a novas Cam Corder

Again we and the church appreciate your time and wonderful thoughts .

Bill,

I don't believe that our first Relay for Life would have been such a big success without your help. Thanks for giving us news coverage and allowing us to be on your party Line program. We, in a sense, had to educate the people of Liberty County about what Relay ~~is~~ ^{is}; and you gave us that opportunity.

Your radio station is a valuable asset to our communities. Keep up the good work!

God Bless you!

Dear Bill:

I want to thank you for taking time out of your busy schedule on May 15th to meet with Representative Allan Ritter.

Your willingness to spend time with legislative leaders like Rep. Ritter is important to the broadcast industry's success in matters before the Texas Legislature. In past legislative sessions, broadcasters' relationships with their local lawmakers have been instrumental in securing favorable outcomes on tax issues and public information concerns. It is important that we encourage and foster these relationships during the interim.

Again, I greatly appreciate your joining us!

Dear Matt:

Thank you very much for taking time to do the telephone interview yesterday afternoon about the upcoming blood drive in Dayton. You and our other good friends at KHSN can be justifiably proud of literally saving thousands of lives over the many years we've worked together by informing and motivating people to become volunteer blood donors.

Many people find it hard to believe that in the 200-plus healthcare facilities served by The Blood Center (including those in the Liberty, Dayton, Cleveland area) patients use 2,000 units of blood and blood components each and every day. To meet this demand, over 700 individuals must donate blood on a daily basis. Adding to the challenges of maintaining an adequate blood supply is the short shelf life of blood - - red blood cells 42 days and platelets 5 days. Finally, there is no substitute for this lifesaving substance, so if it's not there when a patient needs it, the patient dies.

Matt, please relay my appreciation to all those at KHSN for their strong support, especially our good friend, Bill. On behalf of the patients who are alive today because of your generous support, please accept our heartfelt gratitude!

Just a short note to say thank you for allowing me to spend some time with you on your Party Line program Tuesday morning.

As your station reaches our entire service area, we truly appreciate your allowing us the opportunity to promote and publicize our new Community Clinic program. We are quite confident that this new program will go a long way to addressing the primary care needs of our constituency, especially those who can not provide for themselves. And, if initial reaction to our plans is any indicator, the program should be very successful.

That being said, however, if not for the kindness and generosity of folks such as yourself, and organizations like yours who have assisted us in getting the word out, I'm sure we would never get the program "off the ground."

So, again, thank you very much for your time and support, we will keep you posted.

Dear Bill:

I thoroughly enjoyed the opportunity to speak to the Texas Association of Broadcasters. I appreciate the tremendous positive difference you are making in our great state.

It is my firm belief that government should do what it can to develop the technology that is needed across the state. Therefore, I am advocating a package of tax incentives to connect Texas. In particular, I want you to be aware that I am strongly supporting a proposal that will exempt digital transmission equipment purchased by television broadcasters from sales tax. It is not only important that the people of Texas have technology, but that the people of Texas have the vital information you provide.

This past year, my *e-Texas* citizen commission developed recommendations for an educated workforce for the 21st Century and to help state government meet the challenges of the Internet Age, including applying my "Yellow Pages" test—government should do no job if there is a business in the yellow pages that can do that job better and at a lower cost. My *e-Texas* report includes 129 recommended statutory changes that the Legislature must adopt and this will save our state \$1.2 billion in general revenue over the next two years. Government will be seen as bigger, dumber, and slower than ever before, if we don't become smaller, smarter, and faster right now.

I would appreciate your assistance in getting out the word about the Texas Tomorrow Fund. Nothing is more important than education! Parents and grandparents have a great way to lock in tomorrow's college tuition at today's prices with the Texas Tomorrow Fund (TTF). For as little as \$18 a month, you can enroll a newborn for one year of community college and one year at a public university starts at \$34 per month. It's a smart investment and one that brings peace of mind because the Fund is backed by the full faith and credit of the State of Texas. With the Texas Tomorrow Fund, main street texans don't have to worry about Wall Street volatility. The State of Texas guarantees that your child's tuition and fees will be paid, no matter how much costs increase. The Fund makes saving for college easy, economical, and absolutely safe. Anyone—parents, grandparents, and charitable or civic organizations—can buy a contract. To lock in today's tuition costs, enroll by May 25th. To get an application or more information, please call 1-800-445-GRAD (4723).

I welcome your good advice and wise counsel at any time. Please let me know whenever I can be of assistance. Thanks for all that you do for Texas.

Dear Bill,

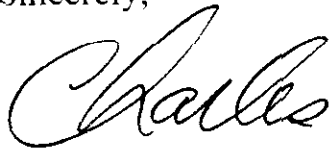

Thank you for the news report about Precinct 4 road and bridge funds. I have been close to the information from the beginning and feel you reported the facts well. I am sure I represent a large majority of the informed citizens of Precinct 1, 2, and 3 as well as many I have spoken with in Precinct 4 in thanking you for the report.

I have taken the opportunities to speak to Commissioner Wilburn, Judge Kirkham and Commissioner Groce about concerns of management of funds of Precinct 4 by Commissioner Wilburn. I also expressed my disappointment to legal officials responsible for not pursuing the breach of legalities in the management of those funds.

I have watched the process and the personalities involved and have concluded that simply Commissioner Wilburn does not possess the ability to be a effective county commissioner. I am hoping that next time the citizens of Precinct 4 will have the opportunity to vote for a capable leader for commissioner.

Thank you again for reporting the story and the facts clearly.

Sincerely,

I take the opposite view of the lady who says nobody listens to the local radio station. (Of course I prefer the "oldies" music and don't really appreciate some of the music choices . . . but realize your trying to make most of the people happy. . . . so we won't like every choice.)

How important your station is was brought home to me recently when a friend's husband was so upset he didn't call me when she died and I would have missed the funeral if I had not heard it on your station. I also heard that my friend Bob Walcutt from the Laura Recovery Center was coming to present a program to the Chamber so when he called to ask me to be there I told him I already had plans to be at the Chamber luncheon.

Further, the people within your radio range all appreciate the 10.30 a.m. ads to buy and sell items and give away free animals and items.

The local news and commentaries is always great, keeps us up on what's going on in the county and is great "gossip" material.

Thanks for the hard work you all do and the great service to our community y'all provide.

Dear Bill,

Over the years you have been such a great supporter of the Liberty Municipal Library, and I cannot express how deeply I appreciate this support. By allowing me to visit with you on the Partyline program we are able get the word out about what's happening at the library.

Following the program each month, I always hear from people who said they were listening. Your broadcast is enjoyed by thousands of listeners and I truly appreciate the opportunity to be a part of your show.

By the way, thanks to your anonymous donation to the Big Book project, we were able to add a good number of the special oversized books to our collection. The Storytime children, the Met Head Start children, and several day care centers all thoroughly enjoy the books. The Head Start children visit twice and sometimes three times a month, the day care children visit at least every three weeks, and of course the Storytime children visit us each week, so the Big Books are used a great deal. Thanks to your donation, we have a good assortment of books to choose from.

Again, I appreciate all that you do, not only for the Liberty Library, but also for the entire community. Your contributions are many, and I sincerely thank you.

Dear Bill:

I just wanted to let you know how very much your letter of March 1 meant to me. It was an extreme honor to be asked to serve as the Master of Ceremonies and, frankly, with your help and guidance it was quite an easy and a very enjoyable task. It is an honor to me to be considered as a friend of yours. Even though I give you a hard time occasionally, you are not only a true friend but you are also a member of a very small group (perhaps even the only member of the group now that I think about it) of "media types" whom I can completely trust. You are always associated with very worthy causes and, accordingly, it makes it very difficult for me to refuse any of your requests for assistance. Therefore, feel free to request as often as you need to. Thanks again.

Very truly yours,

A handwritten signature in cursive script that reads "Mike".

Children's Miracle Network—the alliance of premier hospitals for children—is a non-profit organization dedicated to helping kids by raising funds for 170 children's hospitals throughout North America. Each year, these non-profit hospitals provide the finest care, research and community outreach to help millions of children with diseases and injuries of every kind.

Headquartered in Salt Lake City, Utah, Children's Miracle Network has grown dramatically, since its founding in 1983, from a televised fund raiser in a small studio to one of the world's leading children's charities working to save and improve the lives of millions of children each year.

The 170 Children's Miracle Network hospitals are there 24 hours a day to help kids of every age and background overcome every imaginable disease and injury—from asthma and broken bones to cancer, sickle cell anemia, pediatric AIDS, muscular dystrophy and serious injuries.

Wal * mart stores , inc . is CMN's largest contributor . However , without the help of many caring individuals and corporations , this would not be possible . YOU and YOUR COMPANY , are the ones that make this a reality .

All of us at Sam's DC 6698 , would like to express our sincere appreciation and thanks for your support of our labor of love . Hope to see you again next year !!

Sincerely ,

Dear friend Bill, 8-12-03
Thank you very much for
allowing us to have our Radio
auction on KSHN. You are so
very supportive of our project and
I personally do not take this
for granted. What would
we do without you? I don't
even want to think about it.

Thanks again for all you
and your staff did to make
the auction a success.

Re: Vara Faye Martin Daniel Park & Pavilion

Dear Bill:

A fine lady will soon be honored when the Vara Faye Martin Daniel Pavilion is built on the grounds of the Liberty City Hall. I wanted to take this opportunity to say thank you for your generous donation. Without your contribution and support, this project would not have grown from the idea of Councilman J. C. Burnham to a realized goal of the City Council and everyone that lent their support and participation. Sufficient funds have now been donated and along with the City's pledge of support, we are now in a position to move forward with construction.

We are currently planning a ground breaking ceremony to be held at the construction site which will be located on the corner of Sam Houston and Milam streets in Liberty. We hope that you will be able to attend this ceremony when scheduled.

On behalf of the City Council, City Management and all those associated with this project, we thank you for your generous support of the Vara Fay Martin Daniel Pavilion. I am,

Sincerely,

Bruce E. Halstead
Mayor, City of Liberty
